

Pursuant to Article 4.2 of the Law on Transmission, Regulator and Electricity System Operator in Bosnia and Herzegovina ("Official Gazette of BiH" No. 7/02, 13/03, 76/09 and 1/11), and Article 36 of the Procedural Rules of the State Electricity Regulatory Commission ("Official Gazette BiH No. 2/05), at the session held on 26 July 2012 the State Electricity Regulatory Commission adopted

RULES ON AMENDMENTS TO THE CONNECTION RULES

Article 1

In Article 2 of the Connection Rules ("Official Gazette of BiH", No. 95/08 and 79/10), a new definition with the meaning shall be added after the last one reading as follows:

"Maximum capacity possible for acceptance of wind power plants' shall mean a maximum capacity possible for acceptance of wind power plants by the power system of Bosnia and Herzegovina from the aspect of system regulation. Maximum capacity possible for acceptance shall be allocated for use in accordance with a single criterion to the area of Republika Srpska, Federation BiH and Brčko District BiH. Maximum capacity possible for acceptance of wind power plants by the power system of Bosnia and Herzegovina from the aspect of system regulation and its allocation shall be approved by SERC upon ISO proposal."

Article 2

In Article 5, after paragraph (2), new paragraphs (3) and (4) shall be added which shall read as follows:

"(3) Attached to the application for the issuance of Conditions for connection of a wind power plant to the transmission system, in addition to documents as prescribed by this Article, shall be a certificate of the competent authority of the Federation of Bosnia and Herzegovina, Republika Srpska or Brčko District BiH confirming that the wind power plant is included in the relevant list of renewable generators and that its installed capacity is within maximum capacity possible for acceptance of wind power plants.

(4) When issuing the certificate, the competent authority shall take into consideration total established maximum capacity possible for acceptance of wind power plants and its allocation."

Article 3

A new Article 9a shall be added after Article 9 which shall read as follows:

**"Article 9a.
(Notification on issued Connection Conditions)**

After the issuance of each individual Connection Condition for connection of a wind power plant, the Transmission Company shall notify the competent authority as referred in Article 5, Paragraph 3 of the Rules accordingly. Notification shall, *inter alia*, include information on a total number of valid Conditions for connection of wind power plants issued up to that moment.”.

Article 4

These Rules shall enter into force on the eighth day after the publication in the “Official Gazette of BiH” and they shall also be published in the entity official gazettes.
