DECISION

ON ISSUANCE OF TEMPORARY LICENSE FOR THE INTERNATIONAL ELECTRICITY TRADING ACTIVITY

1. The temporary licence for performance of the international electricity trading activity shall be issued to legal person “Medoš One” d.o.o., Banja Luka.
2. The temporary licence referred to in Item 1 of this decision shall be issued for the period from 23 February 2023 to 22 February 2025 and used pursuant to the Standard licence conditions for performance of the international electricity trading activity (Official Gazette of BIH, 14/16).
3. The temporary licence for performance of the international electricity trading activity is an integral part of this decision.
4. The holder of the temporary licence is obligated to pay a regulatory fee during the term of the licence under the terms and conditions as defined by a separate act.
5. This decision shall come into force on the day of adoption and its operative part shall be published in the Official Gazette of BIH and the official gazettes of the Entities.

Statement of Rationale

Legal person “Medoš One” d.o.o., Banja Luka, (hereinafter: the applicant) filed with the State Electricity Regulatory Commission (hereinafter: SERC) the application for the issuance of the licence for performance of the international electricity trading activity registered under number 05-28-12-326-1/22 of 26 December 2022. The application was supplemented on 6 January 2023.

Pursuant to Article 7 of the Law on Transmission of Electric Power, Regulator and System Operator of Bosnia and Herzegovina (Official Gazette of BIH, 7/02, 13/03, 76/09 and 1/11), the SERC licence is required for the international electricity trading activity and the applicant is obligated to fulfil the conditions and criteria for the issuance of the licence as determined by SERC rules and regulations.

The application was filed in the prescribed application forms, with the relevant documents, which enabled SERC to understand, consider and render a decision upon the application filed of which SERC informed the applicant accordingly by its act number 05-28-12-326-4/22 of 11 January 2023.

Having reviewed and checked all the formal elements of the application, first of all on 12 January 2023 SERC published a short public notice in daily newspapers and on its web site, summarising the application and determining the deadline for submission of public comments on the filed license application until 20 January 2023.

SERC concluded that the public had not submitted any comment on the application filed for issuance of the licence nor had any person expressed the interest to participate in the procedure in the capacity of the intervener upon the SERC public invitation.

SERC verified the data, documents and information enclosed to the application, and established that they provide evidence on technical, legal and financial capacities of the applicant to fulfil all the criteria, conditions and standards prescribed by law and SERC rules and regulations for the issuance of the licence for performance of the international electricity trading activity. Taking into consideration the fact that the application for the issuance of the license was filed for the first time, pursuant to Article 5, paragraph 4 of the Licensing Rule – Consolidated Version, SERC decided to issue a temporary license with two-year term.

Consequently, a Draft decision on issuance of temporary licence was prepared, which is used pursuant to the Standard license conditions for performance of the international electricity trading activity. As of 1 February 2023, this document was available to the applicant as well as to any other interested member of the public, and they were also given an opportunity to give their comments at a general public hearing held on 7 February 2023 at the SERC seat in Tuzla, preceded by issuance of the relevant notice in daily newspapers and publication of the document on the SERC web site.

As even on the last occasion, following the SERC letter number 05-28-12-326-15/22 of 9 February 2023, the applicant did not point out any disagreement with any provision of the proposal of the Decision, there were sufficient grounds to conclude that it was considered that the SERC's proposal was prepared in accordance with the Law on Transmission of Electric Power, Regulator and System Operator of BiH and secondary legislation dealing with the matters concerned

In accordance with the aforementioned and also taking into account the evidence that the applicant was granted a two-year licence for supply and electricity trading by the Regulatory Commission for Energy of Republika Srpska, SERC decided as provided in the operative part of this decision.

Pursuant to Article 9.2. of the Law on Transmission of Electric Power, Regulator and System Operator of Bosnia and Herzegovina, proceedings may be initiated before the Court of Bosnia and Herzegovina against this Decision by filing a lawsuit within 60 days of receipt thereof.
